**COUNCIL DISTRICT 6**  
**PRIORITY 6-10**

**Updated:** March 18, 2004

**PROJECT:**

Project Name: Implement/Update Community Plans

Project Description: This priority is actually several components of a General Fund program in the Planning Department. There are five communities within Council District 6: Kearny Mesa; Serra Mesa; Clairemont Mesa; Linda Vista; and, Mission Valley. Each of these communities has an adopted community plan. As need arises, community plans are updated with available staff in the Community Planning section of the Planning Department. The most recent plan update in Council District 6 was Linda Vista in 1998. Serra Mesa and Kearny Mesa have had major amendments in the past several years. An update to the Mission Valley Community Plan has begun and will coordinate with Strategic Framework efforts. Implementation of adopted community plans is an ongoing function. Implementation is done through community planning group support, development project review, public contact, action plans, grant applications, coordination with other city departments and outside agencies, and special community-based projects, among other efforts.

CIP #: N/A

**CURRENT LEAD AND SUPPORTING DEPARTMENTS:**

Department: Planning

Director: Gail Goldberg

Key Contact for more information: Bob Manis 235-5222

Supporting Departments: All

**ACTION PLAN:**

1. Is the project adequately defined? The community plan update process is defined, though there is no schedule for a comprehensive update of all community plans in Council District 6. Implementation is done on a regular basis through whatever actions are necessary, making definition difficult.
2. Is policy direction needed? Policy direction to update community plans is an ongoing program function, so no direction is necessary. If there is a proposal to update a particular community plan rather than one identified by the Planning Department, policy direction would be needed from City Council. The priority in and of itself does not require policy direction.
3. What will it cost? This program is staffed on an ongoing basis through the General Fund. The priority itself does not require additional staffing unless work beyond the current work program is proposed.
4. Is it funded (Capital and Maintenance and Operations)? (Capital and Maintenance and Operations) The priority itself does not require additional funding beyond the current work program, unless specific direction is given by City Council to update plans beyond those in the work program.
5. What is the source? The Community Planning program is funded through the General Fund in the Planning Department budget.

## **COUNCIL DISTRICT 6**

**Updated:** March 18, 2004

### **PRIORITY 6-10**

6. Has it been designed? N/A
7. Has the community been involved? The community is always involved in the Community Planning function, both in implementation and in updating community plans.
8. Is it permitted? N/A
9. Is it under construction? N/A
